Hardinge Circle barricaded to prevent accidents: Police

But commuters say barriers restrict smooth flow of traffic on all sides

Mysuru, Sept. 10 (RK&BCT)- A series of barricades erected just around the Jayachamaraja Wadiyar Circle (Hardinge Circle or Aaru-Gate Circle) has prevented many accidents, claimed the Mysuru City Police.

The barricades were erected sometime back to regulate the fast-moving traffic that converges on this Circle from six sides.

A brainchild of City Police Commissioner Dr. Chandragupta, the barricades were erected around the Circle as many fast-moving vehicles used to enter the Circle leading to accidents and led to road-rage and brawls between the vehicle owners. This had become a public nuisance and often led to traffic snarls.

The Jayachamaraja Wadiyar Circle is one of the busiest Circles of Mysuru near the Palace. Locals prefer to call it R-Gate (Aaru Gate) because six (aaru in Kannada) gates converge on the Circle leading to the six main roads of Mysuru city.

The western road leading to the Palace and City Bus Station is called the Albert Victor Road. The two northern roads are called Bengaluru-Nilgiri Road as they are both one-way-twins leading to Bengaluru. The southern road is called Nilgiri Road which goes to Ooty.

The eastern road is called Mirza Road and it goes to Postal Training Centre in Nazarbad. The south-eastern road is called Lokranjan Mahal Road and it goes to the Mysuru Zoo and Karanji Lake.

Two-day *Mysuru Santhe* begins at Maharaja's College Grounds

Mysuru, Sept. 10 (MTY&BCT)- A two-day *Mysuru Santhe* began at Maharaja's College Grounds this morning. The *Santhe,* a flea market, promises a wide variety of shopping items from designer safety pins to electric cars. An assortment of eatables too has been arranged at the venue.

According to organisers, this is the first edition of *Mysuru Santhe* just before the Dasara festival and a part of the proceeds will be given to the children of Mahouts and Kavadis who are camping at Mysore Palace.

Former MLA Vasu was the guest at the *Santhe* this morning. He went around the stalls and lauded the efforts of the organisers in bringing exhibition business back to Mysuru's economy.

Over 80 stalls have been set up and among them, 10 stalls are for food. The place has been designed like a Durbar Hall as this is Dasara season to prep-up people for the festivities ahead.

The stalls are showcasing clothing, footwear, jewellery, artwork, handicrafts, handlooms, upcycled furniture, vintage housewares, garden supplies, toys besides items from other parts of India.

Lakhs attend BJP's *Janaspandana* rally at Doddaballapur

Doddaballapur, Sept. 10 (DM)- The BJP's *Janaspandana* rally, marking the completion of three years of BJP Government and the first anniversary of Basavaraj Bommai Government, began at Doddaballapur in Bengaluru rural district this morning.

The rally is being attended by lakhs of people, mostly from the districts of Bengaluru Rural, Kolar, Tumakuru and Chikkaballapur with the BJP deploying more than 5,000 KSRTC, BMTC as well as private buses for the rally which is taking place at Raghunathapura area here.

The BJP had first planned a *Janotsava* rally on July 28 but it was postponed thrice for various reasons and just a couple of days ago, the BJP re-christened the rally as a *Janaspandana* rally, keeping an eye on the Assembly polls which is just a few months away.

EDITOR'S BOTTOMLINE

The extraordinary degree of BJP's dominance in bipolar contests in general elections points to the difference in organisational strength between the two parties. While Congress' organisation has eroded, and in some places collapsed, BJP has built the most formidable party operation ever seen in India. BJP workers canvass towns and villages. With the support of various Sangh Parivar organisations, they have developed a permanent ground presence, enabling the party to mobilise voters during and also between elections. This is reinforced by formidable digital and financial capacities.

This grounded approach contrasts with the idea of a yatra, which is transient by essence. Once the procession passes, the dust settles, leaving few resources behind other than motivation to continue the work. The potential larger impact of the yatra will also be limited by BJP's better media play. Ahead of Gujarat elections, the party and the government will multiply announcements and perform their own symbolic gestures, a practice the PM has mastered like no other living politician in India. Congress should know that five months is a long time to keep the media and the people interested and engaged..... the yatra cannot be the be-all and end-all of Congress' efforts.

Congress leaders and sympathisers should not place excessive hope in the capacity of the Bharat Jodo Yatra to 'transform Indian politics', to use Jairam Ramesh's expression. After all, Mahatma Gandhi started his campaigns modestly, letting the movement grow steadily and the mobilisation speak for itself as he walked through villages and States. *— Gilles Verniers in The Times of India*

Fakes kidnapping for ransom from mother

Tenerife: A woman was recently arrested on the Spanish island of Tenerife after conspiring with her boyfriend's family to trick her mother into thinking she had been kidnapped and paying a sizeable ransom.

Guardia Civil, one of Spain's two national law enforcement agencies, released a disturbing video that appears to show a blindfolded woman with blood stains on her face, strapped to a chair, and with a large knife at her throat. The young woman is sobbing and telling her mother that she has been kidnapped and that she needs to pay a 50,000 ransom to the kidnappers if she ever wants to see her alive again.

The ransom video described above is very real, but the kidnapping itself is not. According to Spanish Police, the "victim" shown in the footage faked her own kidnapping with the help of her boyfriend's family solely to trick her own mother into paying the 50,000 euro ransom.

Woman fights tiger to save 1-yr-old son

Bhopal: Archana Choudhary, a young woman from rural Madhya Pradesh, risked her own life to save that of her 15-month-old son.

The two were walking through a field on the outskirts of the Bandhavgarh Tiger Reserve on Sunday, when a full-grown tiger leaped out of the bushes, sunk its teeth into the boy's head and started dragging him away into the jungle. Completely disregarding her own safety, Archana attacked the large feline with her bare hands in order to save her son.

Her screams during the struggle attracted other villagers who managed to chase away to the big cat with sticks. Archana and her child both needed medical attention and were rushed to a district hospital.

REALLY...?

- ***The Oscar statuette: Weighing 8.5 pounds and standing 13.5 inches in height, the coveted Oscar statuette is made of gold-plated britannium. However, between 1942 and the end of World War II, the statuettes were made of plaster to conserve metal. Winners of these statuettes got the actual trophy after the war. The only Oscar statuette ever made of wood was presented to Edgar Bergen in 1938 for his ventriloquist dummy Charlie McCarthy.***
- ***Youngest winners: The youngest person to ever receive an Oscar was 5-year-old Shirley Temple in 1934, though it was an honorary one.***
- ***The youngest actress to win a standard Oscar was Tatum O'Neal, who was 10-year-old when she won the Best Supporting Actress award for Paper Moon in 1974.***

Curb traffic violations

Sir,

Citizens seem to have completely lost their mind while parking their vehicles in the middle of the road blocking all road-users. The above photo of traffic violations was taken in front of the Saibaba temple in Ramakrishnanagar.

Three bikers have parked their vehicles on the road and one car on the opposite side of the road, all blocking the road for other motorists.

Will the Traffic Cops take necessary strict action so that they don't repeat the same?

Genetics helped vaccine discovery in six months

Jayadeva Hospital Director explains the crucial role of genetics and genomics

Mysuru, Sept. 10 (RKB&BCT)- The development of safe and effective COVID-19 vaccines is a crucial step in helping us get back to doing more of the things we enjoy with the people we love. And genetics has played a crucial role in vaccine discovery just six months after the outbreak of the pandemic, said Director of Sri Jayadeva Institute of Cardiovascular Sciences and Research Dr. C.N. Manjunath.

He was speaking at the First South Zone Conference of the Indian Academy of Biomedical Sciences (IABSCON-South Zone-2022) and the International Symposium on 'Translational Research' held at Vijnan Bhavan, in Manasagangothri premises on Thursday. The event was organised by the Department of Studies in Genetics and Genomics.

Vaccines are one of the most effective ways to prevent infectious diseases and minimise their impact on the human population. The availability of complete genome sequences, together with the progression of high-throughput technologies such as functional and structural genomics, has led to a new paradigm in vaccine development, he said.

Earlier, a country's technological and scientific teams used to take up to 10 years to develop a vaccine and now the time gap has reduced to just six months and India has achieved it. This is a remarkable achievement by India and this stellar achievement can be compared to the world's most developed countries.

Focusing on cardiac health, Dr. Manjunath said that young people are also developing cardiovascular diseases due to stress, addiction and poor lifestyle. "There was a time when children used to bring parents for the treatment of heart diseases but today parents, particularly in India, are bringing their children in the age group of 20 to 40, for the treatment of various cardiovascular diseases," he added.

"Loneliness and job losses, vulnerable economy and lifestyle also caused heart-related ailments among the young lot. Screen addiction besides addiction to alcohol, narcotic drugs and smoking for rising cases of cardiac problems," he said.

Addiction to the screen, whether a computer or a mobile phone, is one of the important reasons for loneliness. "Today, people are forgetting how to lead a simple life. Simple life management is you should be polite in authority, simple in wealth and should be silent in anger," he said.

Nearly 7.5 percent of all heart patients below the age of 45 have a genetic or family predisposition to cardiac problems. "The risk factor profile for young versus old is different. Smoking is a common factor between the two, but the incidence of diabetes and high blood pressure is more among older people," Dr. Manjunath noted.

Studies at Jayadeva Hospital showed that 15 percent out of 2,000 young patients had a strong family history of heart problems. If any member of a family suffers a heart attack below the age of 50, that is the strongest indication of risk in other members of the family," he added.

University of Mysore Vice-Chancellor Prof. G. Hemantha Kumar, retired VC Prof. K.S. Rangappa, Dr. Hari S. Sharma, University Medical Centre, Amsterdam, The Netherlands and Prof. S.S. Malini, Chairperson, DoS in Genetics and Genomics, who is also the Organising Secretary, were present.

Bogadi villagers demand cancellation of site Khatas

Mysuru, Sept. 10 (PM&DM)- Alleging that Khatas of more than 100 sites coming under Bogadi village Survey No. 319 have been done with the help of fake documents, Bogadi village residents staged a demonstration in front of Bogadi Town Panchayat Office here on Thursday.

The protesters urged the authorities to immediately cancel the Khatas of sites as they are illegal.

Addressing the protesters, BJP leader Arun Kumar Gowda said that the Government has allotted only 357 sites in Ashraya Layout coming under Survey No. 319 of Bogadi village. But some influential persons have sold more than 100 sites by creating fake documents and getting illegal Khata, he alleged and urged the authorities to cancel the Khata registration of such sites.

Maintaining that those who bought the sites too have been cheated, Gowda said that the Government should reclaim the illegally sold sites and re-allot them to poor beneficiaries, who are awaiting shelter.

The protesters later presented a memorandum to the Town Panchayat Chief Officer Shyamasundar.

Local leaders Dairy Puttegowda, Siddegowda, B.K. Nagaraj, M. Puttegowda, Ravikumar, Raghu, Shankaregowda, Ravichandra, Nagaraj, Naganna and others took part in the protest.

Man goes missing

Gurumurthy

Mysuru, Sept. 10 (KS)- A 47-year-old man, who left his house on Aug. 7 at about 9.30 am, has since gone missing.

The missing man is Gurumurthy. He is 5.2 ft. tall, wheatish complexioned, well-built, round faced, has marks of wounds below his knees, speaks Kannada and was wearing a sky blue coloured half arm checked shirt and blue pant at the time of going missing.

Deepavali cracker stalls

Apply for licence before Sept. 17

Mysuru, Sept. 10 (KS)- As Deepavali, the festival of lights will be celebrated from Oct. 24 to 26, City Police Commissioner Dr. Chandragupta has asked those intending to open cracker stalls at various city layouts to apply for the licence by submitting the prescribed application LE-5 at the City Police Commissioner's Office before Sept. 17.

Applications received after Sept. 17 will not be considered, according to a press release.

State's longest Railway tunnel

From Kanakapura to Salem approved

Tunnel through Bandipur, Nagarahole Tiger Reserves will not be permitted: Somanna

Bengaluru, Sept. 10 (KMS& BCT)- Karnataka has approved the construction of the State's longest Railway tunnel that will be a part of the Kanakapura-Salem Railway route. The survey of the line has already begun, said Housing and Infrastructure Development Minister V. Somanna.

V. Somanna

The line will link Kanakapura, Malavalli, Kollegal, Yelandur, Erode and Salem and the decision on constructing a 9-km tunnel was taken to safeguard the forests and biodiversity, the Minister told reporters in Bengaluru yesterday.

The tunnel will pass under the forests and it will not disturb the wildlife and flora. Modern technology will be used in the construction of the tunnel like the ones that have been drilled for Bengaluru Metro.

"This is a conscious decision taken to protect the wildlife and ecology. After the route is commissioned, the travellers between Kanakapura and Salem will travel 62 kilometres less on the route," Somanna said.

The Minister clarified that Karnataka will not permit the construction of a 22-km tunnel either below the Bandipur Tiger Reserve or the Nagarahole National Park for Kerala to construct Railway lines linking Thalassery and Mysuru or Chamarajanagar.

"Citing an adverse report from Forest Department, the Karnataka Government has already stalled the ambitious proposal of the Kerala Government to develop the Thalassery- Wayanad-Mysuru rail line. Digging a 22-km-long tunnel under the core area of the Tiger Reserves is not advisable," Somanna added.

When reporters asked about the pressure tactics by the Kerala Government and the willingness of the Centre to accord permission to the controversial Railway line, Somanna said, "There is no question of approving this ecologically damaging project. We will not bow to any pressure."

"We have pointed out that the Rs. 5,000 crore project involving the construction of a lengthy tunnel across the Kabini River to save wildlife tracts of Wayanad Wildlife Sanctuary, Bandipur Tiger Reserve and Nagarahole National Park was not feasible. Even if the rail line is constructed through underground tunnels, it can affect the water recharge underneath the earth, thereby causing severe ecological imbalance to the habitat system," Somanna explained.

Queen Elizabeth II to be laid to rest beside husband on Sept. 19

London, Sept. 10 (Agencies)- Queen Elizabeth II will be laid to rest beside her husband Prince Philip at King George VI memorial chapel. Britain's longest-serving monarch will be interred at the small chapel where her parents are also buried. The Queen passed away on Thursday (Sept. 8) at her home in Scotland at the age of 96.

Queen Elizabeth

The day will start at 9 am when Big Ben will chime with its bell hammer muffled with a leather pad and then the Queen's funeral cortege will arrive at Westminster Abbey at 11 am on Sept. 19. There will be a minute's silence held around the country as she enters the Abbey. The event is taking place at Westminster Abbey. Elizabeth II will be the first British monarch to have her funeral there since 1760.

The Queen's sad demise is a key moment in Britain's history and there are a set of protocols to be followed by the royal family members and other officials in the coming days.

Sept. 9 will be the 'D-Day' and the coming days will be called D-Day plus the number of days.

The world continues to mourn the Queen, and the nation has entered a period of mourning. Any event of such national importance is usually pre-planned. For some time now, arrangements were made for her funeral. Planning has been done for several years.

Reports have mentioned that the Queen will be buried after a State funeral at the special chapel in Windsor Castle. Princess Margaret, Queen's younger sister, was cremated and her ashes were also transferred to the tomb following her death in February 2002.

Rs. 5 crore fraud in Mandya Urban Development Authority

Congress leader among five to get 7-year jail term

Mandya, Sept. 10 (OSR)- Special Judge of CBI cases in Bengaluru sentenced Mandya Congress leader K. Anand alias Kebballi Anand and four others to undergo seven years rigorous imprisonment in a case of criminal misconduct of misappropriating 5 cheques of Mandya Urban Development Authority (MUDA) amounting to Rs. 1 crore each.

The others sentenced in the case are H.S. Nagalingaswamy, Hemmanahalli Chandrashekar, H.K. Nagaraja (First Division Assistant of MUDA) and K.B. Harshan. All the convicted will undergo seven years of jail terms and will pay a total fine of Rs. 5,02,75,000.

The Court also ordered to award Rs. 5,02,00,000 as compensation to Mandya Urban Development Authority which was a victim in this case and forfeit the remaining fine amount to the State. After investigation, CBI filed the charge sheet on 27.06.2015 against the accused.

In 2013, the Police arrested MUDA Commissioner Dr. H.S. Shivaram on charges of financial irregularities. Shivaram was accused of aiding five persons in the irregularities. Later, the case was transferred to the CBI.

Five cheques

The CBI had registered the case against Kebballi Anand, who was doing business in iron ore in the name of A.R. Logistics, Nagalingaswamy, CEO of Future Farm & Estates Ltd., Chandrashekar, a real estate agent and proprietor of Akash Enterprises, H.K. Nagaraja, a public servant working as FDA in MUDA and K.B. Harshan, an employee of Kebballi Anand, had

K. Anand

entered into a conspiracy and misappropriated five cheques amounting to Rs. 1 crore each issued by the then Commissioner of MUDA.

During the investigation, it was found that the accused Chandrashekhar opened a current account in the name of his non-existent proprietary concern Akash Enterprises at Indian Bank, Mandya, in 2012.

Thereafter, in February 2013, Kebballi Anand and H.S. Nagalingaswamy, with the assistance of H.K. Nagaraja, working in MUDA, fraudulently obtained 5 cheques of Rs. 1 crore each issued by then Commissioner, MUDA from its SB Account, Allahabad Bank, towards investment in fixed deposits in Indian Bank, Mandya.

Cheques fraudulently credited

The accused wrote the account number of Akash Enterprises in the payee column of these cheques and got the entire proceeds of these cheques fraudulently credited to the Current Account of Akash Enterprises and misappropriated the amount.

While Rs. 2.8 crore was deposited in the account of Kebballi Anand, Rs. 1.65 crore was credited to that of Nagalingaswamy. They received the money through Chandrashekhar's account, where the cheque given by the Commissioner was deposited. The rest of the amount remained in the account of Chandrashekhar. Chandrashekhar received an additional Rs. 2 crore for aiding the money transfer.

Withdrawals and transfers

Thereafter, fake Fixed Deposit receipts were submitted to MUDA through H.K. Nagaraja which were kept for record purposes. K.B. Harshan assisted both Kebballi Anand and H.S. Nagalingaswamy in this fraud by filling out credit vouchers to deposit the cheques and making withdrawals and transfers from the account.

It was alleged that then Commissioner Shivaram got Rs. 10 lakh to facilitate the transfer of money belonging to MUDA to the accounts of the accused for a period of three months.

Anand and Nagalingaswamy allegedly told the Commissioner that the money would be returned to him along with interest after three months. When the Commissioner did not get back the money as promised, he filed a case against Indian Bank, saying it had transferred Rs. 5 crore to someone else's account.

Following investigations, it came to light that the deposit bond, of the supposed investment of MUDA's money, was hand-written and had a different colour than usual. Also, two deposit bonds were given with the same numbers. The probe showed that bank officials had no role in the episode. Investigations proved that Kebballi Anand had himself written the details on the fake deposit bonds.

City centre illumination

Police mulling banning vehicles during Dasara

Mysuru, Sept. 10 (RK&BCT)- Following a series of traffic jams and roads clogged with vehicles in the Central Business District (CBD) during Dasara illumination, the City Police are thinking of a plan to restrict the movement of vehicles in the city's heart where illumination is bigger, brighter and splendid.

"To move around the Palace during illumination, a vehicle takes about two to three hours as there will be unusual rush and bumper-to-bumper traffic on all days of illumination. Police Department is thinking of banning vehicle movement in the CBD, especially around the Palace. People can walk and enjoy the illumination instead of bringing all their vehicles on the roads, clogging the streets," Police sources told *Star of Mysore*.

This step is likely to be implemented from Sept. 26 to Oct. 5 from 6 pm to 10.30 pm. "Officials concerned are discussing options and are thinking of arranging free KSRTC buses for senior citizens and children who cannot be expected to walk long distances to see lights. While the young crowd can easily walk, the elderly, children and physically challenged can make use of free buses that will be allowed in the CBD," the sources added.

"Arrangements will be made for parking vehicles before the people walk into the CBD. All the proposals and options will be discussed with District Minister S.T. Somashekar before they are implemented," the sources stated.

Hardinge Circle barricaded

(Continued from page 1)

All the vehicles heading to their destinations through the routes invariably land at the Jayachamaraja Wadiyar Circle, take a roundabout and take their preferred road. "Most of the vehicles proceed at a great speed and enter the Circle as it is a wide and spacious one. This break-neck speed causes accidents as vehicles criss-cross each other and there were many reports of vehicles bumping into each other, causing damage. We decided to restrict the area around the Circle and laid barricades," City Police Commissioner Dr. Chandragupta told *Star of Mysore*.

Signals prove futile

To control traffic, in an earlier move, the Police tried to introduce the signal light system and this proved futile as it led to quick traffic pile-ups on the important roads. "Once the signal light system was introduced, vehicles were stuck in long traffic jams within no time and till the signal cleared, vehicles extended till K.R. Circle on Albert Victor Road, for example. So, the barricades were the only way where the motorists slowed down," he said.

"Now there is no speeding and as there are barricades around the Circle, vehicles move cautiously, bringing down the traffic snarls and accidents by 95 percent. I have got feedback from the Traffic Police of Devaraja, Krishnaraja and Siddhartha Stations that accidents have reduced as the vehicles move slowly. We are thinking of permanently implementing the barricade system, except for the 10-day Dasara Festival. This is the first time we have achieved success as we have thought out-of-the-box," Dr. Chandragupta said.

KSRTC buses add to the chaos

Usually, most of the buses heading from the Sub-Urban Bus Stand and the City Bus Stand passing through the Jayachamaraja Wadiyar Circle stop right in the middle of the Circle, causing traffic jams as all the vehicles following the buses have to invariably stop till the passengers alight from the buses.

"KSRTC drivers heed to the request of passengers and stop the buses here though there is no official stop. This causes traffic jams and some drivers park right in the middle of the road. We have written to the KSRTC many times but we have not got a favourable action so far," the Commissioner added.

Commuters say unscientific barricading

Regular commuters passing through the Jayachamaraja Wadiyar Circle have called the City Police move to set up barricades around the Circle as unscientific and obstruct the smooth flow of traffic.

"The earlier system was better where all the vehicles moved in a free pace, without overspeeding. The Jayachamaraja Wadiyar Circle is slowly becoming a traffic bottleneck with buses, cars, two-wheelers, cyclists and pedestrians jostling for space in a small area," said Pradeep Sharma, a commuter.

Also, as the barricades are laid around the Circle, those who circumambulate the Statue Circle to reach their desired road have to go around further, leading to inconvenience, he added.

Ex-servicemen to hold day and night stir on Sept.12 and 13

Mysuru, Sept. 10 (MTY&DM)- Seeking fulfilment of their long- pending demands, Ex-servicemen, under the banner of Akhila Karnataka Ex-servicemen Association, will launch a Vidhana Soudha Chalo followed by a day and night stir at Freedom Park in Bengaluru on Sept.12 and 13.

Addressing a press meet here on Thursday, Association's District President K.P. Diwakar said that the demands include issuance of title deeds for lands sanctioned for Ex-servicemen, hike in Government job reservation for Ex-servicemen, formation of a Corporation for the welfare of Ex-servicemen, among others.

Stating that while some ex-servicemen were allotted lands by the Government years ago, several others are still waiting for lands for years, he said adding that those allotted farm lands are yet to get tilling rights, which is a cause of concern.

Urging the Government to construct Community Halls for ex-servicemen, he wanted the Government to announce Rs.1 crore compensation to the families of martyred soldiers.

Maintaining that the Vidhana Soudha Chalo and the subsequent dharna at Freedom Park is to draw the attention of the Government to their problems, he warned of intensifying the stir if the demands are not seriously considered.

Association office-bearers H.S. Nanjundaswamy, Annegowda, Rajani Subbaiah and Nataraj were present at the press meet.

Free heart and skin screening camp

Free heart, skin, dental and eye check-up will be done. Free reading glasses for those in need will be distributed. For details, call Mob: 99161-55453, according to a press release.

Union Minister Smriti Irani attends BJP's *Janaspandana* rally

(Continued from page 1)

Health and Medical Education Minister Dr. K. Sudhakar, who is an MLA from Chikkaballapur, has taken the lead in organising the rally, which is aimed at sensitising the masses on the achievements of the BJP Governments in the State and the Centre. With the rally, the ruling BJP hopes to cash in on the public mood, which the party believes is in its favour.

Union Minister Smriti Irani, Chief Minister Basavaraj Bommai, his Cabinet colleagues, former CM B.S. Yediyurappa and State BJP Chief Nalin Kumar Kateel are among those who are attending the mega rally.

It seemed that all roads were leading to the rally as thousands of vehicles carrying people had a hard time reaching the venue as there was bumper-to-bumper traffic on almost all roads.

The rally choked several roads of Bengaluru city, especially those leading to Kempegowda International Airport at Devanahalli and other inter-district and inter-State roads around the State capital. The city also reported multiple traffic jams and snarls on many of its arterial roads. The entire Bengaluru city appeared painted with saffron colour, as the city was dotted with party flags, flexes, boards and other publicity materials.

Public transport was severely hit as passengers had a long wait for KSRTC buses, especially those plying to neighbouring districts, as there were hardly a few of them on regular trips.

Meanwhile, the Opposition Congress has strongly criticised the rally. Terming the rally as a 'Commission Samavesha', the Congress in a series of tweets, wondered why the BJP was holding the rally when it has nothing to boast about its achievements.

Alleging that the BJP was holding the rally out of the 40 percent commission that the party received out of contracts, Congress wanted to know what measures the BJP has taken to contain inflation and rising prices and creation of jobs.

Two-day *Mysuru Santhe* begins at Maharaja's College Grounds

(Continued from page 1)

Over 400 people attended the morning session of the flea market today and as this is a weekend, the organisers are expecting more footfall in the evening. Entertainment and cultural programmes have been organised in the evenings and there are a couple of places at the venue for visitors to take bright selfies.

A figurine of an Ambari-carrying caparisoned elephant and Chinese dragon dancers are special attractions for photographic moments. Among the stalls that are crowd-pullers is the one set up by Mysuru Puppet Theatre where attractive dolls, character and theme-based dolls are on display. Many interior decoration shops, balcony and house-corner decorators, and terracotta jewellery stalls are also pulling crowds.

The *Santhe* is open from 10 am to 9 pm and will conclude tomorrow evening. The entry fee is Rs. 50 and parking is free.

Principal Secretary Chairman

61st Heritage Music Fest at 8th Cross V.V. Mohalla

Purity and melody, his trump card

Vid. Lalgudi GJR Krishnan presenting violin concert at 8th Cross, V.V. Mohalla, last evening.

By Dr. Padmavathi Narasimhan

On the 9th day of Ganeshotsava at 8th Cross V.V. Mohalla, music legend Lalgudi Jayaraman's son **Lalgudi GJR Krishnan** gave a solo violin concert. He was accompanied by **Vittal Ramamurthy** on violin, renowned mridangist **Bhaktavatsalam** on mridanga, **Bhargava Halambi** on kanjira and **Rajashekhar** on morching.

The very name Lalgudi Jayaraman is associated with melody, mastery in violin techniques and vocal style, more commonly known as the Lalgudi Bani which aspires to make the violin sing. Raised in an atmosphere redolent of sublime, divine music, Krishnan is carved into a top ranking violinist today. He has performed with his father on several occasions, the disks of which are still available.

In each of the compositions that Krishnan played, the Lalgudi Bani of musical expression emerged clearly.

The concert opened up with Lalgudi Jayaraman's varna in Nalinakanti. Brisk swaras were developed for the next number 'Shree Maha Ganapatiravatu maam' by Deekshitar. Dharmavathi raga, though short, was revealed with essence but in this raga development and the next two, one felt that the raga ran very hurriedly and the artiste could give a pause after each phrase and develop the raga slowly which would enhance the mood of the concert more. 'Bhajana seya raada' by Mysore Vasudevachar was the composition chosen.

Krishnan let Vittal Ramamurthy play the raga Hindola, after which 'Mamavatu Sri Saraswati', another Vasudevachar number, followed.

An honouring ceremony followed for the celebrities on stage on receiving the prestigious *Sangeetha Kala Nidhi*. SPVGMC Trust President Jagannath Shenoy honoured Krishnan and Bhaktavatsalam with a citation.

The concert resumed after the honouring ceremony which included a rare piece in Gambhiravani 'Sada Madin Dalathu' by Tyagaraja, Keeravani, which was treated with ragalapana and swaras for the charana, followed by a scintillating Taniyavartanam by Bhaktavatsalam, Bhargava and Rajashekhar.

Rajashekhar's amusing percussion sounds brought smiles on the faces of the audience.

Krishnan chose to play a short Raga Tana and Pallavi after Taniyavartanam in Natakuranji. The violin accompanist was not given much chance to play.

The sahitya of the pallavi was 'Radha Sametha Krishna Muralidhara maam pahi' in Khanda nade Trishra Jhampe tala, for which Ragamalika swaras were chosen in Saranga, Rasika Ranjani and the intellectually chosen Yaman Kalyani which finally brought the first line of the song Radha Sametha Krishna of GNB fame.

The concert concluded with 'Saramaina maatalento' in Behag - Swati Tirunal, 'Jagadoddarana' by Purandaradasaru and the very popular Sindhubhairavi tillana by Lalgudi Jayaraman.

The artiste could have cut short the number of compositions and concentrate more on neraval as no composition was treated with a detailed neraval.

DC Dr. Bagadi Gautham inaugurates Tibet Museum in Bylakuppe

Bylakuppe, Sept. 10 (Rajesh)- Mysuru DC Dr. Bagadi Gautham officially inaugurated the Tibet Museum here.

This Museum is a public-private partnership initiative between Tibet Museum Dharamsala run by the Central Tibetan Administration and Khavachen Foundation Bylakuppe of Tashi Wangdu.

CNNL workers remove Ganesha idols from canals

Following the publication of a report titled ***'Devotion or destruction? Ganesha idols float and stink in canals'*** in yesterday's *SOM,* a team of five workers from Cauvery Neeravari Nigam Limited (CNNL) — locally called Sawdey workers who clean canals — began cleaning the canals in Srirangapatna that were clogged by the immersed Ganesha idols. Hundreds of Plaster of Paris (PoP) idols are floating inside the canals in and around Srirangapatna (RBLL canals from KRS Dam near Pump House). Apart from clearing the idols, workers are also removing plastic waste and other materials discarded after *puja*. The team was led by CNNL Section Engineer Manjunath.

Remembering war hero Sqn. Ldr. A.B. Devayya

Devayya's air combat manoeuvres considered remarkable in the post-world war history

Madikeri, Sept.10 (Carun& BCT)- Madikeri, the capital of Kodagu, the land of soldiers, has a 6-feet-9-inch bronze statue of Squadron Leader **Ajjamada B. Devayya** that calls out each passer-by and makes him/her recall his heroic deeds during the Indo-Pak war of 1965.

Sqn. Ldr. A.B. Devayya

Devayya was just 32 then and he dedicated his youth to the cause of his motherland. He died in an audacious air attack over Sargodha, Pakistan's most formidable airbase.

Whoever travels from Mysuru to Madikeri will not miss the statues of Field Marshal Kodandera M. Cariappa, freedom fighter Guddemane Appaiah Gowda, General Kodandera S. Thimayya and Squadron Leader Ajjamada B. Devayya.

Maha Vir Chakra (MVC) was conferred on Devayya in 1988, 23 years after his sacrifice in an epic dog fight on Sept. 7, 1965 war against Pakistan Air Force's Supersonic F-104 Star-Fighter.

If it had not been for Pakistani Flt. Lt. Amjad Hussain's admission whose plane was destroyed by Sq. Ldr. Devayya and the book by British writer John Fricker titled *'Battle for Pakistan: The Air War of 1965'*, the valour of Sqn. Ldr. Devayya would have gone unnoticed.

Sqn. Ldr. A.B. Devayya was born to Ajjamada Bopayya and Neelamma couple on Dec. 24, 1932, at Manchalli village near Kutta in South Kodagu. He joined the Indian Air Force as a pilot on Dec. 26, 1954. Devayya was married to Keethiyanda Sundari.

MEMORIAL IN MYSURU: ***Commemorating the services of Squadron Leader A.B. Devayya, the building which houses the Office of the Deputy Director, Department of Sainik Welfare and Resettlement near DC Office in Mysuru, was named as Sqn. Ldr. A.B. Devayya Bhavan. Mandetira N. Subramani, President of VeKare Ex-Servicemen Trust (VKET), was instrumental in naming the building, which also houses the Sainik Aram Ghar, after the Squadron Leader in the year 2003.***

Sargodha Air Attack (Indo-Pak War)

When the Indo-Pak war broke out in 1965, Devayya was an instructor at the Air Force Flying College. He was posted to No.1 'Tigers' Squadron' and flew the Mystere fighter bomber.

During the war, Devayya shot down a US-made PAF (Pakistan Air Force) F-104 Star-Fighter while flying an inferior Mystere. The French Dassault Mystere was no match for F-104 Star-Fighter as it was the first plane in the world which touched the Mach 2 Speed.

John Fricker wrote that on Sept. 7, 1965, Mystere pilot Squadron Leader A.B. Devayya showed commendable courage by staying in the fight, and despite being mortally wounded, he eventually scored several cannon strikes against the Star-Fighter, causing it to be abandoned.

This was the first and only Star-Fighter to be lost through enemy action in the 1965 war. Devayya was part of an air strike mission on the PAF base at Sargodha, with the objective being to neutralise its air assets.

He engaged in a dogfight with the Star-Fighter flown by Pakistani Flight Lieutenant Amjad Hussain at an altitude of 7,000 ft. The PAF fighter was faster and more modern, but Hussain made the mistake of reducing his speed in an attempt to out-turn Devayya.

The statue of Squadron Leader Ajjamada Bopayya Devayya stands tall at the Old Private Bus Stand Circle in Madikeri.

Devayya turned hard and thus forced Amjad to go for a reversal and because of this, now the Star-Fighter was in Mystere's gun sight. Devayya, despite being hit, didn't eject and decided to give a far superior plane, a fight for its life.

Devayya opened his 30mm cannon and fired at point-blank range at F-104 and therefore damaging the aircraft. Amjad Hussain was forced to eject at a low level but Devayya was not able to eject due to its damaged Mystere and therefore the aircraft crashed.

The Mystere aircraft was destroyed and Devayya died on Pakistani soil. The action was over in less than two minutes. What Devayya achieved in the predawn Pakistani skies that morning is now considered one of the most remarkable events in the history of post-world war air combat.

Memorial event held under bronze statue in Madikeri

Madikeri, Sept. 10 (PS&BCT)- Squadron Leader Ajjamada B. Devayya, the only Indian Air Force (IAF) Officer to be posthumously awarded the Maha Vir Chakra (MVC), was remembered on Sept. 7 in Madikeri and his valiant actions were recalled by war veterans, defence personnel and political leaders. It has been 57 years since his supreme sacrifice.

They had gathered at the 6-feet-9-inch bronze statue of the Squadron Leader installed at the Old Private Bus Stand Circle and paid their respects. The statue has been mounted on a pedestal.

The event in Madikeri was organised by Kodava Makkada Koota and the members of Ajjamada family. Speaking at the ceremony, Air Marshal (Retd.) Kodandera Nanda Cariappa recalled the bravery displayed by Devayya who came from the tiny district of Kodagu.

"Let us not restrict the Squadron Leader to the Kodava community. He is India's valiant son and deserves that recognition. He is a role model even now, more than 50 years after his death," he said.

Air Marshal (Retd.) Kodandera Nanda Cariappa paying tributes to Sqn. Ldr. A.B. Devayya during the 57th death anniversary of the war hero in Madikeri on Sept. 7.

Katti Mandaiah, President of Ajjamada B. Devayya Memorial Trust, said that it was a proud moment to pay homage to a leader under his huge bronze statue. Devayya showed dare-devilry at the young age of 32.

The bronze statue weighs 600 kg and Rs. 20 lakh was spent on getting it carved at Kengeri near Bengaluru. The statue installation work was supported by Field Marshal K.M. Cariappa and General Thimayya Forum, Kodava Makkada Koota. Thanks to the efforts of all, the Old Private Bus Stand Circle is officially called Squadron Leader Ajjamada B. Devayya Circle, he recalled.

Former MLC Shantheyanda Veena Achaiah, Kodagu Deputy Commissioner Dr. B.C. Sathish Field Marshal K.M. Cariappa and General Thimayya Forum President Col. (Retd.) Kandrathanda Subbaiah, Kodava Makkada Koota President Bollajira B. Aiyappa, Kodagu Superintendent of Police Malachira A. Aiyappa, President of Akhila Karnataka Retired Soldiers Association (Kodagu) Kottukathira B. Somanna and other dignitaries also spoke.

WORD OF THE DAY

Mawkish

Pronunciation: MAW-kish.
Meaning: Mawkish means "exaggeratedly or childishly emotional," and is often used to describe works of art, music, or literature that a critic finds cloying.
Origin: Mawkish really opens up a can of worms—or maggots, as it were: the word wriggled out from Middle English mawke, meaning "maggot." Its earliest sense, used in the late 17th century but now obsolete, was synonymous with squeamish (understandable!) but not long after that mawkish was used to describe an unpleasant, nauseating, often sickeningly sweet flavour. It's no surprise that a figurative sense of mawkish, used to describe things that are full of "sickly sweet" sentimentality, arose almost concurrently, one of several food texture- and taste-related words favoured by critics to show disdain for art they deem overly emotive, including gooey, saccharine, mushy, and schmaltzy.
Example: "It doesn't (or shouldn't) matter that 'This Is Us' is a network show in a sea of cable and streaming contenders or that [Mandy] Moore has a pop music and schmaltzy YA movie past. ... One of this season's most poignant moments avoided a mawkish mood because of Moore's ability to hold our teary gaze through song." — Emma Fraser

THE ODD WORD

Macular

Spotted; patchy.

PHRASE OF THE DAY

To make a long story short

Meaning: The phrase 'To make a long story short' is used to indicate that you are providing just the basic facts rather than giving a lengthy explanation for something.
Origin: The origin of the phrase 'To make a long story short' isn't exactly known. It has been used in several classic works, indicating that it has been a common expression for more than 100 years.
Example: "To make a long story short, I ran into Tony and we decided to go to the game together."

QUOTE BOX

There's always room for a story that can transport people to another place. **— J.K. Rowling**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
